

## Quality Milk Replacer Products

At NRV, we produce the highest quality of milk replacer to make happy and healthy calves. This is why we are committed to being your partner from 0 days through 6 months. Our products are designed to support the nutrition of your calves while keeping your business requirements in mind. All our employees are devoted to raising healthy and happy calves and making sure that everyone has the ability to do the same!

**When it comes to raising healthy and happy calves we are in it together.**

- Re-Synch is a combination of animal and egg proteins, providing both natural and targeted immune proteins to help protect the young calf. Contains fructooligosaccharides to improve digestion and inhibit pathogenic bacteria such as *E. coli* and *Salmonella*.
- Re-Synch is a formulated supplement to whole milk, waste milk or milk replacer for veal, beef or dairy calves. It helps calves through the first few weeks of life.
- Ideal for Incoming and/or Stressed Animals – Feed for twenty-one days from birth and/or arrival following the guidelines below. Mix in milk replacer, waste milk or whole milk thoroughly at 140 - 145° F (maximum temperature 145° F). Feed at 113° F.

Feedings	Days	Ounces/Calf Per Feeding
1-8	1-4	1
9-14	5-7	0.5
15-28	8-14	0.25
29-42	15-21	0.125

*We take care of calves, naturally!*
